H&L Comedy Tours

The only free tour in Spain made by comedians

History&Legends Comedy Tours was born as a new way to revolutionize the traditional model of Walking Tours through comedy as its cornerstone. That's why our tourist guides are exclusively comedians and we have recorded scripts that will take you through the most authentic stories and legends of each city.

Quality tourism

This company was born with the need to provide a solution to a business model that generally does not have any kind of quality control. Through carefully written and recorded scripts, a selection process for our comic-guides and a capacity restriction we put the focus on the quality and personalization of the experience above the billing.

Humor as a brand

A brand created by comedians and for tourists. Through scripts written following the principles of stand-up, we ensure an entertaining tour. We also provide a training plan designed so that our guides do not deviate from the path they like best: humor

For family and couples

They are our main target and the goal of all our work and passion. Our content is adapted for all audiences but specially designed to get the most out of the families and couples who choose our tours.

We loved this tour!! Charlie was super friendly and super interesting. We have done 3 walking tours in Barcelona and this was by far the best (and definitely the most family friendly- we have a 12 and 10 year old who loved it). Thank you!

Quite interesting view of Gothic quarter. We had great time, learn some interesting facts and had fun. Sarita, our guide has made us see Gothic quarter in completely different light. Recommend.
